How to Use This Book vii

Structure of Text vii

Abbreviations and Punctuation Used in the Text xi

INTRODUCTION

Organic Chemicals and Carbon 3

Organic Chemicals - Better Living through Chemistry 3

Organic Compounds - The Dangers 3

A Brief History of Carbon 6

The Science of Organic Chemistry 7

Human Relationship to Organic Compounds 8

Organic Compounds and Homeopathy 12

Organic Chemicals: What Does This Have to Do with Homeopathy?

Physical Properties of Organic Chemicals

Toxic Properties of Organic Chemicals v

Main Areas of Organic Chemical Usage

But Which Remedies Are Organic Che'

Substances Included 19

Substances Excluded 20

Organic Remedies Used in Homeopa

The Organic Remedies 21

Pure Organic Compounds 21

Salts of Organic Compounds 22

Organic and Hydrocarbon Mixturr

Elemental Carbon 22

Ways to Categorize the Organic Compounds 23

Size of Organic Compounds 23

Various Groupings of Organic Compounds 23

Organic Anions 27

Cations found in Organic Compounds 28

Elemental Inclusions in Organic Compounds 29

T H E M E S

**The Common Homeopathic Themes
of the Organic Chemical Remedies 31**

Mental Themes in the Organic Chemical Remedies 33

Summary of Major and Minor Themes of the Organic Compounds 34

The Major Themes of the Organic Compounds 36

The Minor Themes of the Organic Compounds 65

General and Physical Characteristics of Organic Compound Remedies 77

T H E R E M E D I E S

Aceticum Acidum 105

Acetanilidum 109

Acetinum 112

Acetylsalicylicum Acidum 114

Aconiticum Acidum 120

Adamas 122

Aetherum 141

Aethylum Bromidum 144

Aethylum Nitricum 146

Alcoholus 147

Alcoholus Sulphuris 156

Aldehydum 156

Alloxanum 162

Alumina Acetica 165

Ammonium Aceticum 166

Ammonium Benzoicum 168

Ammonium Citricum	170
Ammonium Formaldehydum	171
Ammonium Picricum	172
Ammonium Tartaricum	174
Ammonium Valerianicum	175
Amyl Nitrosum	176
Amylaminum	183
Anilinum	184
Anilinum Sulphuricum	187
Anthraquinone	188
Anthrokokali	191
Antimonium Natrum Lacticum	195
Antimonium Tartaricum	196
Antipyrinum	203
Argentum Cyanatum	207
Baryta Acetica	208
Baryta Oxalsuccinica	212
Benzenum	213
Benzinum	219
Benzinum Dinitricum (also Benzolum Dinitricum)	221
Benzinum Nitricum (also Benzolum Nitricum)	228
Benzinum Petroleum (also "Gasolinum" or "Benzenum Raffinatum")	233
Benzoicum Acidum	246
Benzoquininum (Para-Benzochinonum)	255
Butyricum Acidum	256
Calcarea Acetica	259
Calcarea Lactica	263
Calcarea Lactica Natronata	264
Calcarea Lactica Phosphorica	265
Calcarea Oxalica	265
Calcarea Picricata	267
<i>Camphora</i>	272
Camphoricum Acidum	282
Camphora Bromata	291
Carbo Animalis	301
Carbo Vegetabilis	310

CONTENTS

Carbolicum Acidum	320
Carboneum	332
Carboneum Chloratum	333
Carboneum Dioxygenisatum	335
Carboneum Hydrogenisatum	354
Carboneum Oxygenisatum	364
Carboneum Sulphuratum	367
Cerium Oxalicum	378
Chloralum	380
Chloroformum	384
Chrysophanicum Acidum	391
Citricum Acidum	393
Cosmolinum	395
Croton Chloralum	397
Cuprum Aceticum	399
Cuprum Cyanatum	404
Eosinum	405
<i>Eucalyptus</i>	406
Eupionum	408
Ferrum Aceticum	411
Ferrum Citricum	413
Ferrum Cyanatum (or Ferrum Ferrocyanatum)	413
Ferrum Picricum	415
Ferrum Tartaricum	418
Formaldehydum	419
Formicum Acidum	419
Fuligo Ligni	424
Gallicum Acidum	424
<i>Gaultheria</i>	432
Gelatinum	433
Glonoinum	434
Glycerinum	441
Graphites	444
Guaiacolum	452
Gunpowder	453
Hippuricum Acidum	456

Hydrocyanicum Acidum 459
Ichthyolum 473
Indolum 474
Iodoform 478
Kali Aceticum 484
Kali Bitartaricum 486
Kali Citricum 487
Kali Cyanatum 488
Kali Ferrocyanatum 497
Kali Oxalicum 509
Kali Picricum 510
Kali Salicylicum 511
Kali Tartaricum 512
Keroselinum (also called Kerosenum) 514
Ketoglutaricum Acidum 518
Kreosotum 520
Kresolum 531
Lacticum Acidum 535
Lecithinum 539
Lithium Benzoicum 543
Lysidinum 544
Magnesia Acetica 545
Manganum Aceticum 546
Mentha Piperita 549
Mentholum 551
Mercurius Aceticus 554
Mercurius Cyanatus 556
Mercurius Methylenus 559
Mercurius Sulphocyanatus 561
Mercurius Succinimidus 563
Mercurius Tannicus 564
Methanal 565
Methylenum Bichloratum 565
Methylenum Coeruleum 567
Methylenum Salicylicum 570
Methylum Aethyloaethereum 571

CONTENTS

Naphtha	572
Naphthalinum	574
Natrum Aceticum	578
Natrum Cacodylicum	579
Natrum Oxalaceticum	581
Natrum Pyruvicum	583
Natrum Salicylicum	586
Natrum Succinicum	589
Natrum Sulphocarbohcicum	589
Nitri Spiritus Dulcis	590
Oleum Animale	593
Oleum Jecoris	597
Oleum Santali	602
Oleum Succinum	604
Oroticum Acidum	606
Oxalicum Acidum	608
Paramnum	616
Paraphenylene Diamine	620
Petroleum	622
Phenacetinum	635
Picricum Acidum	637
Picronitricum Acidum	644
Piperizinum	644
Pix Liquid	646
Plumbum Aceticum	649
Polystyrene	655
Propylaminum	659
Resorcinum	661
Saccharum Album	663
Saccharum Lacticum	669
Salicinum	673
Salicylicum Acidum	674
Salol	678
Sarcocacticum Acidum	679
Skatolum	682

Succinicum Acidum	685
Succinum Purum	688
Succus Frutti	690
Sulfanilamidum	695
Sulfonalum	698
Sulfonamidum	701
Tannicum Acidum	704
Tartaricum Acidum	707
Terebinthina	709
Terebinthina Chios	719
Terebinthina Laricina	721
Thiosinaminum	723
Thymol	729
Trinitrotoluenum	732
Trional	735
Urea Pura	737
Uricum Acidum	739
Vanillina	741
Zincum Aceticum	742
Zincum Cyanatum	745
Zincum Ferrocyanatum	748
Zincum Picricum	749
Zincum Valerianicum	751

MEANINGS

Homeopathic Meaning of Various Organic Groups 759

Alcohols	759
Aliphatics	761
Amines	762
Aromatics	764
Carbonyls	766
Carboxylic Acids	768
Ethers	771
Nitrates	772
Nitriles	773

CONTENTS

Sugars 775
Terpenes 777

GLOSSARY

Glossary of Organic Chemistry Terminology 783

APPENDICES

Appendix A: Understanding Organic Chemistry 795
Moieties or Radicals 797

Appendix B: Remedies Excluded from This Book 803

Carbonates 803
Alkaloids and Other Large Plant-Derived Chemicals 804
Biomolecules 804
Modern Pharmaceuticals 805
Reckeweg Remedies 806

Appendix C:

Organic Substances that Merit Homeopathic Proving 808

Appendix D: Structure and Miasm 811

Appendix E: Case Analysis 812

BIBLIOGRAPHY 817

I. Texts for General Information about Chemicals and their Industrial
Use and Structure 817
II. Texts of Toxicology 818
Websites 821
