PREFACE	v
PART I.—DISEASES OF THE HEART.	
CHAPTER I.	
CAUSES AND CLASSIFICATION.	
CASE I.—Aortic Valvular Disease consequent on operation for Piles. Fatal Ending - - - -	4
CASE II.—Dilatation of the Right Side of the Heart and Thinning of all its Walls, due to Suppressed Emotion. Relief from <i>Iodide of Arsenic</i> and other Remedies -	7
CHAPTER II.	
CURABILITY OF VALVULAR DISEASE OF THE HEART IN THE ACUTE STAGE.	
CASE III.—Inflammation of the Mitral Valve of the Heart in a case of German Measles. Recovery under Treatment - - - - -	14
CASE IV.—Acute Inflammation of Mitral Valve accompanying German Measles and Mental Strain. Recovery	15
CASE V.—Endocarditis occurring in Measles. Partial Disappearance of Murmur; Complete Compensation -	15
CASE VI.—Acute Inflammation of the Pericardium and Valves of the Heart. Prompt action of <i>Spigelia</i> . Recovery - - - - -	17
CASE VII.—Ulcerative Endocarditis ending Fatally, the Autopsy revealing a healed patch on a spot where Inflammation had occurred during an earlier attack of Acute Rheumatism - - - -	23

	PAGE
CASE VIII.—Acute Rheumatism with Heart Involvement. Disappearance of Murmur under Treatment -	24
CASE DC.—Acute Rheumatic Endocarditis. Mitral Sys- tolic and Præ-systolic Bruits; Attacks of Angina; Cure by Compensation; Action of <i>Crocus</i> - -	25
CASE X.—Acute Rheumatism with Endocarditis and Effu- sion into the Pericardium. Action of <i>Merc. viv.</i> Compensation Established - - -	30

CHAPTER III.

REMEDIAL POWER OF HOMCEOPATHY IN CASES OF CHRONIC HEART DISEASE.

CASE XI.—Mitral Stenosis and Incompetence with Angina. Co-existence of Nasal Polypus. Practical Cure with <i>Iodide of Arsenic</i> and other Remedies - -	34
CASE XII.—Extensive Valvular Disease. Practical Cure with <i>Arsen. iod.</i> Polypus of the Nose - -	42
CASE XIII.—Disease of the Mitral Valve. Great Debility, (Edema of Feet. Action of <i>Iodide of arsenic</i> - -	44
CASE XIV.—Contracted Mitral Valve. Climacteric Suf- ferings. Action of <i>Arsen. iod.</i> with other Remedies -	45
CASE XV.—Mitral Constriction with Anginous Pain. <i>Arsen. iod., Naja</i> - - - -	48
CASE XVI.—Mitral Incompetence. Dilatation of Left Auricle, and Hypertrophy of Right Side of Heart -	50
CASE XVII.—Mitral Constriction in Patient previously Epileptic - - - -	53
CASE XVIII.—Irritable Weak Heart in a Gouty Subject. History of Over-strain; Action of <i>Arsen. iod.</i> -	54
CASE XIX.—Immensely Enlarged, Displaced Heart; Val- vular Disease; Indigestion. Great Relief from Various Remedies - - - -	56
CASE XX.—Extensively Damaged Heart and Arteries fully Compensated and Giving Rise to no Symptoms	58
CASE XXI.—Mitral Disease with Attacks of Syncope. Action of <i>Ignatia</i> - - - -	61

CONTENTS.

XI

CHAPTER IV

THE ACTION OF *THYROIDIN* IN DISEASES OF
THE HEART.

	PAGE
CASE XXII.—Heart Pain, with Rapid Action, and Symptoms of Exophthalmic Goitre in Neurotic Subject. Cure with <i>Thyroidin</i> - - - -	69
CASE XXIII.—Hypertrophy with Tachycardia, and attacks of Angina Pectoris. Action of <i>Thyroidin</i> - - - -	72
CASE XXIV.—Acute Valvular Affection of the Heart with Severe Heart Pain. Curative Action of <i>Thyroidin</i> - -	75

CHAPTER V.

PALPITATION AND FAINTING.

CASE XXV.—Climacteric Palpitation Cured by <i>Glonoïn</i> -	83
CASE XXVI.—Palpitation in an attack of Acute Illness. <i>Belladonna</i> - - - -	84
CASE XXVII.—Palpitation from Worry. <i>Ignatia</i> - -	84

CHAPTER VI.

ALCOHOL AND TOBACCO.

CASE XXVIII.—Heart-pain with Nervous Symptoms arising from Alcoholism. Action of <i>Spigelia</i> -	87
CASE XXIX.—Angina, Dyspnoea. History of Alcoholism. Action of <i>Spigelia</i> - - - -	90
CASE XXX.—Tobacco-Heart - - - -	92

CHAPTER VII.

ANGINA PECTORIS.

CASE XXXI.—Angina Pectoris of Vaccinal Origin. Cured by <i>Thuja</i> - - - -	103
CASE XXXII.—Influenzal Angina Pectoris. Remarkable Heart's-action. Recovery -	105

PART II.—DISEASES OF THE ARTERIES.

CHAPTER VIII.

ANEURISM.

	PAGE
CASE XXXIII.—Aneurism, etc. Rupture within Pericardium	109
CASE XXXIV.—Aneurism of Thoracic and Abdominal Aorta, with Valvular Disease and Hypertrophy of the Heart. Relieved by <i>Lycopodium</i> , and Practically Cured by <i>Baryta carbonica</i>	-115
CASE XXXV.—Thoracic Aneurism causing Loss of Voice. Action of <i>Carbo animalis</i>	125
CASE XXXVI.—Thoracic Aneurism. Great improvement from <i>Lycopodium</i> and <i>Baryta carb.</i>	128

PART III.—TREATMENT.

CHAPTER IX.

DIET AND REGIMEN.

CHAPTER X.

MEDICINES.

CASE XXXVII.—A <i>Strophanthus</i> Case	191
