

# CONTENTS

Foreword	3
Introduction	<b>5</b>
Introduction to Second Edition	6
Dynamics of Proving	<b>7</b>
The Necessity for Proving	7
Remedy Reactions	18
Interfering Factors	29
'As If One Person'	32
The Collective Unconscious	<b>33</b>
Proving in Relation to Clinical Drug Trials	<b>35</b>
Methodology of Proving	41
Introduction	41
Yielding Results	41
The Roles in a Proving	<b>43</b>
The Remedy	<b>49</b>
Stages of a Proving	58
The Proving	60
Extraction	67
Collating and Editing	<b>75</b>
Repertorising	81
Toxicological Reports	89
Practical Issues	90
Appendix A	91
Instructions to Provers and Supervisors	91
Appendix B	99
Some Recent Proving	99
Appendix C	115
Proving Example - Hydrogen	115
Bibliography and Further Reading	119
Index	123
