Lecture.	Page.
I. HOMOEOPATHY : ITS NATURE AND ORIGIN	1
NOTES TO LECTURE 1.	9
II. THE "ORGANON"	12
III. THE "ORGANON" (Concluded)	23
IV. THE KNOWLEDGE OF DISEASE	38
V. THE KNOWLEDGE OF MEDICINES	53
VI. "SIMILIA SIMILIBUS" ..	69
VII. THE SELECTION OF THE SIMILAR REMEDY	82
VIII. THE SELECTION OF THE SIMILAR REMEDY (Concluded)	94
IX. THE ADMINISTRATION OF THE SIMILAR REMEDY	/ 107
X. THE ADMINISTRATION OF THE SIMILAR REMEDY (Concluded)	422
XI. HOMOEOPATHIC PRACTICE	136
XII. THE PHILOSOPHY OF HOMOEOPATHY APPENDIX TO LECTURE XII. ..	163
XIII. THE HISTORY OF HOMOEOPATHY	164
XIV. THE PHILOSOPHY OF HOMOEOPATHY	179
XV. GENERAL DISEASES.— <i>The Acute Infections Disorders</i>	193
XVI. GENERAL DISEASES.— <i>The Acute Infectious Disorders (Concluded). — The Exanthemata. Variola.</i>	205
XVII. GENERAL DISEASES.— <i>The Exanthemata (Con- cluded).—Vaccinia. Varicella. Morbillr. Rubella. Scarlatina. Dengue. Miliaria.</i>	220
XVIII. GENERAL DISEASES.— <i>The Continued Fevers.— Typhus. Typhoid or Enteric Fever.</i>	231
XIX. GENERAL DISEASES.— <i>The Continued Fevers. (Concluded)—Febricula. Simple Continued Fever. Relapsing Fever. Yellow Fever. Cerebra-spinal Fever. Mediterranean Fever. Plague. The Malarial Fevers or Agues. Remittent Fever. Bilious Remittent.</i>	24?

CONTENTS

Lecture	Pages,
XX. GENERAL DISEASES.—Cholera. Diphtheria. Influenza.	262
XXI. GENERAL DISEASES.— <i>The Blood Infections.</i> — Erysipelas. Phagedena, Malignant Pustule. Glanders. Pyaemia. Septicemia. Actino- mycosis. <i>The Arthritic Affections</i> ;:—Gox\\. Rheumatism. Rheumatic Gout. Gonorrhoeal Rheumatism.	280
XXII. GENERAL DISEASES.— <i>Diathetic Vices</i> —Scro- fula. Cancer. <i>Blood Disorders.</i> — <i>Hcurvy</i> . Purpura. Plethora. Anaemia. Chlorosis. Pernicious Anaemia. Leucocythaemia.	301
XXIII. GENERAL DISEASES.— <i>The Venereal Mala- dies.</i> —Syphilis. Gonnorrhcea. Soft Chancre. Sycosis.	319
XXIV. DISEASES OF THE NERVOUS SYSTEM.— <i>Maladies Affecting The Brain.</i> —Cerebral Congestion. Meningitis. Cerebritis. Cerebral Softening. Cerebral Tumours. Apoplexy.	334
XXV. DISEASES OF THE NERVOUS SYSTEM.—• <i>Maladies Affecting The Brain</i> (Concluded). <i>Mental Disorders.</i> —Mania. Malancholia. Dementia. General Paresis. Hypochondriasis. Delirium Tremens. <i>Of Various Origin</i> —Head ache. Vertigo. Derangements of Sleep, Con- cussion of the Brain. Spinal Irritation. , ..	346
XXVI. DISEASES OF THE NERVOUS SYSTEM.— <i>Maladies Affecting The Spinal Cord.</i> —Spinal Congestion. Spinal Irritation. Spinal Meningitis. Myelitis. Spinal Paralysis. Labio-glosso- laryngeal Paralysis. Multiple Spinal Sclerosis. Lateral Spinal Sclerosis. Locomotor Ataxy. Progressive Muscular Atrophy. Spinal Softening. Hydrophobia. Tetanus. " ..	366
XXVII. DISEASES OF THE NERVOUS SYSTEM.— <i>The Neuroses</i> —Epilepsy. Chorea. Tremor. Hysteria. Catalepsy. Neurasthenia.	380
XXVIII. DISEASES OF THE NERVOUS SYSTEM— <i>Local Nervous Affections.</i> —Neuritis. Neuralgia. Megrim. Local Spasms. Facial Palsy.	392

~d of Part One

PARI TWO

Lecture	Pages
XXIX. DISEASES OF THE EYE— <i>Of the Ocular Appendages.</i> —Blepharitis. Hordeolum. Blepharospasm. Ptosis. Chalazion. Dacryocystitis. Fistula Lachrymalis. Lachrymation. <i>Of the Conjunctiva.</i> —Conjunctivitis Simplex. Purulent Conjunctivitis. Gonorrhoeal Ophthalmia. Strumous Ophthalmia. Phlyctenular Conjunctivitis. Conjunctivitis Membranosa. Conjunctivitis. Trachomatosa. Pterygium.	410
XXX. DISEASES OF THE EYE.— <i>Of the Sclera.</i> —Scleritis. <i>Of the Cornea.</i> —Keratitis. Corneal Opacities. <i>Of the Iris.</i> —Iritis. <i>Of the Choroid.</i> —Choroidal Congestion. Choroiditis. Glaucoma. <i>Of the Retina.</i> —Retinal Hyperemia. Retinal Haemorrhage. Retinitis. Detachment of the Retina. Retinal Hyperesthesia.	423
XXXI. DISEASES OF THE EYE (Concluded.)— <i>Of the Vision</i> —Amblyopia. Hemiopia. Nyctalopia. <i>Of the lens.</i> —Cataract, i <i>Of the Ocular Muscles.</i> —Asthenopia. Oculo-motor Paresis. Myopia. Strabismus. Nystagmus. <i>Of the Refraction.</i> —Astigmatism. <i>Of the Orbit.</i> —Orbital Cellulitis. Orbital Periostitis.	436
XXXII. DISEASES OF THE EAR.— <i>Of the Auricle.</i> —Erysipelas Aurium. Eczema Aurium. <i>Of the External Meatus.</i> —Otitis Externa. Otorrhoea. Polypus Aurium. Exostoses. <i>Of the Tympanic Cavity.</i> —Affections of the Membrana Tympani. Throat-deafness. Otagia. Tympanitis. Deafness. <i>Of the Audition.</i> —Tinnitus Aurium. Meniere's Disease.	444
XXXIII. DISEASES OF THE DIGESTIVE ORGANS.— <i>Of the Mouth.</i> —Stomatitis. Fetor Oris. Glossitis. Ulcers of the Tongue. Syphilis of the Tongue. Cancer of the Tongue. Toothache. Gumboil. Mumps. Salivation. Ranula. Angina Ludovici. <i>Of the Throat.</i> —Angina Faucium. Quinsy. Enlarged Tonsils. Chronic Pharyngitis. <i>Of the (Esophagus.</i> Oesophagitis. Spasmodic Stricture of OEsophagus.	460

CONTENTS

Lecture		
XXXIV.	DISEASES OF THE DIGESTIVE ORGANS.— <i>Of the Stomach.</i> —General Disorders. Gastritis. Ulcer of the Stomach. Cancer of the Stomach. Gastralgia. Acute Indigestion. Chronic Dyspepsia. Pain after Food. Acidity. Heartburn. Water-brash. Flatulence. Vomiting. Hæmatemesis.	472
XXXV.	DISEASES OF THE DIGESTIVE ORGANS.— <i>Of the intestines.</i> —Enteritis. Muco-Enteritis. Duodenitis. Typhlitis. Peri-typhlitis. Proctitis. Ulceration of the Bowels. Intestinal Cancer. Haemorrhage from the Bowels. Colic. Diarrhoea. Dysentery.	489
XXXVI.	DISEASES OF THE DIGESTIVE ORGANS.— <i>Of the Intestines (Concluded).</i> —Constipation. Intestinal Obstruction. Hernia. Chronic Constipation. Haemorrhoids. Fissure of the Anus. Prolapsus Ani. Fistula-in-Ano. Worms. Proctalgia. Paresis Ani.	499
XXXVII.	DISEASES OF THE DIGESTIVE ORGANS.— <i>Of the Peritoneum.</i> —Peritonitis. Ascites. <i>Of the Pancreas</i> —Pancreatitis. <i>Of the Liver.</i> —Hepatic Congestion. Hepatitis. Acute Atrophy of the Liver. Cirrhosis of the Liver. Fatty Liver. Waxy Liver. Pigmentary Degeneration. Cancer of the Liver. Jaundice. Gall-stones, Functional Derangements of the Liver.	512"
XXXVIII.	DISEASES OF THE RESPIRATORY ORGANS.— <i>Of the Nose.</i> —Rhinitis. Coryza. Ozoena. Hay Fever. Epistaxis. Polypus Narium. Sneezing.	524
XXXIX.	DISEASES OF THE RESPIRATORY ORGANS.— <i>Of the Larynx</i> :—Laryngitis.' (Edema Glottidis. Aphonia. <i>Of the Bronchial Tubes.</i> —Bronchitis. Capillary Bronchitis. Toxæmic Bronchitis. Chronic Bronchitis. Bronchiectasis. Emphysema Pulmonum. Asthma.	538

Lecture	Page
XL. DISEASES OF THE RESPIRATORY ORGANS. <i>Of the Lungs.</i> —Pneumonia. Abscess of the Lungs. Gangrene of the Lungs. Pulmonary Congestion. (Edema Pulmonum. Haemoptysis. ..	552
XL I. DISEASES OF THE RESPIRATORY ORGANS. — <i>Of the Lungs</i> (Concluded).—Phthisis Pulmonalis. Pulmonary Syphilis. Pulmonary Cancer. <i>Of the Pleura.</i> —Pleurisy. Hydrothorax. <i>Of the Diaphragm.</i> —Diaphragmatitis. Acute Rheumatism of the Diaphragm. <i>Of the Thoracic Walls.</i> —Pleurodynia:--'",	563
APPENDIX TO LECTURE XLI ..	579
XLII. DISEASES OF THE CIRCULATORY SYSTEM— <i>Of the Heart.</i> —Functional Derangements. Palpitation. Hypertrophica Cordis. Dilatatio Cordis. Adipositas Cordis. Pericarditis. Endocarditis. Valvular Disease of the Heart. Cardiac Dropsy. Angina Pectoris. ..	580
APPENDIX TO LECTURE XLII. ..	597
XLIII. DISEASES OF THE CIRCULATORY SYSTEM. <i>Of the Arteries.</i> —Arteritis. Aneurism. Arterial Degeneration. <i>Of the Veins.</i> —Phlebitis. Varicosis. <i>Of the Lymphatics.</i> —Lymphangitis. Lymphadenoma. <i>Of the Blood Glands:</i> <i>Spleen,</i> — Leucaemia. <i>Of the Suprarenal Capsules.</i> —Addison's Disease. <i>Of the Thyroid -^Bronchocele.</i> Myxcedema. Exophthalmic Goitre.	604
XLIV. DISEASES OF THE URINARY ORGANS.— <i>Of the Kidneys.</i> —Bright's Disease. Nephritis Albuminosa. Granular Degeneration of the Kidneys. Amyloid Degeneration of the Kidneys. Fatty Degeneration of the Kidneys. Albumi- nuria.	617
XLV DISEASES OF THE URINARY ORGANS— <i>Of the Kidneys</i> (Continued).—Diabetes Mellitus. Diabetes Insipidus. Chyluria. Azoturia. Gravel.	628

CONTENTS

Lecture		Page
XLVI.	DISEASES OF THE GENITO-URINARY ORGANS.— <i>Of the Kidneys</i> (Concluded).—Renal Congestion. Suppression of Urine. Hematuria. Hemoglobinuria. Suppurative Nephritis. Pyelitis. <i>Of the Bladder</i> .—Cystitis. Irritable Bladder. Strangury. Paralysis of the Bladder. Stone in the Bladder. Cancer of the Bladder. Tubercle of the Urinary Tract. <i>Of the Urethra</i> .—Stricture of the Urethra <i>Of the Male Sexual Organs</i> .— <i>Diseases of the Testicles</i> .—Orchitis. Sarcocoele. Irritable Testicle. Neuralgia Testis. Satyriasis. Impotency. Sterility. Spermatorrhoea. Hydrocele. <i>Of the Spermatic Cords</i> .—Varicocele. Retraction of the Testicles. <i>Of the Seminal Vesicles</i> .—Seminal Vesiculitis. <i>Of the Prostate Gland</i> .—Chronic Enlargement of the Prostate Gland. Prostatitis. <i>Of the Penis and Scrotum</i> .—Chancroid. Balanitis. Epithelioma. Inflammation of the Scrotum.	639
XLVII.	DISEASES OF THE FEMALE SEXUAL SYSTEM.— <i>Of the Ovaries</i> .—Ovaritis. Ovarian Neuralgia. Ovarian Dropsy. <i>Of the Fallopian Tube</i> .—Salpingitis. <i>Of the Menstruation</i> .—Menorrhagia. Amenorrhoea. Vicarious Menstruation. Dysmenorrhoea.	655
XLVIII.	DISEASES OF THE FEMALE SEXUAL SYSTEM.— <i>Of the Uterus</i> .—Chronic Metritis. Hysteralgia. Endo-Metritis. Cervico-Metritis. Leucorrhoea. Displacements of the Uterus. Uterine Fibroids. Uterine Polypi. Uterine Cancer.	670
XLIX.	DISEASES OF THE FEMALE SEXUAL SYSTEM.— <i>Of the Uterus</i> (Concluded). Metrorrhagia. Hydrometra and Physometra. Perimetritis. Pelvic Hematocele. Pelvic Cellulitis. Pelvic Abscess. <i>Of the Vagina and Vulva</i> —Vaginitis. Vaginismus. Prolapsus Vagine. Vulvitis. Acute Labial Abscess. Cancer Pudendi. Nymphomania.	

Lecture.	Page
XLIX.. Vascular Tumour of the Urethra. Sterility. (Contd.) <i>Of the Mamma.</i> —Inflammation of the Mammae. Mammary Scirrhus. <i>Of the Coccyx.</i> —Coccygodynia.	683
L, DISEASES OF THE FEMALE SEXUAL SYSTEM.— <i>Disorders of Pregnancy.</i> —Mis- carriage. <i>Disorders of Parturition.</i> Postpartum Haemorrhage. Puerperal Convulsions.. <i>Disorders</i> <i>of the Puerperal State.</i> Puerperal Fever. Puerperal Insanity. Disorders of Lactation. Mastitis. Phlegmasia Alba Dolens.	692
L I. DISEASES OF THE SKIN.— <i>Of the order Exanthe-</i> <i>mata.</i> —Erythema. Urticaria. <i>Of the order.</i> <i>Papulae.</i> —Lichen. Prurigo. <i>Of the order</i> <i>Vesiculae.</i> —Eczema. Herpes. Pemphigus. <i>Of</i> <i>the order Pustulae.</i> —Impetigo Ecthyma. <i>Of</i> <i>the order Squamma.</i> —Pityriasis. Psoriasis. Icthyosis.	709
L I I. DISEASES OF THE SKIN (Concluded).— <i>Of the</i> <i>Papilla:</i> —Verruca. <i>Of the Sebaceous Glands.</i> — Seborrhoea. Molluscum. Acne. <i>Of the Sweat</i> <i>Glands.</i> —Hyperidrosis. Bromidrosis. <i>Of the</i> <i>Hair Pollicles.</i> —Mentagra. Alopecia. <i>General</i> <i>Diseases.</i> —Lupus. Rodent Ulcer. Leprosy. <i>Local Affections.</i> —Furuncle. Carbuncle. <i>Ulcer</i> <i>Of the Nails.</i> —Mal-nutrition. Onychia. Paronychia. <i>Parasitic Infections.</i> —Tinea. Scabies. Elephantiasis. Actino-Mycosis. Pruritus.	722
L I I I. DISEASES OF THE LOCOMOTIVE ORGANS — <i>Of the Muscles.</i> —Myositis. Myalgia. Lumbago. Stiff-neck. Omodynia. <i>Of the</i> <i>Bones.</i> —Periostitis. Nodes. Ostitis. Caries. Necrosis. Exostosis. Mollitis Ossium. Acro- megaly. Enchondroma. <i>Of the Joints.</i> — Synovitis. White Swelling. Arthralgia. Bursitis. Ganglion.	737
CASUALTIES.—Wounds. Contusions. Strains. Burns and Scalds. Chilblain. Stings. Fractures. Sun-stroke. Shock. Emotional Disturbances,	745

Lecture	Page
LIV. DISEASES OF CHILDREN.— <i>General Diseases.</i> — Infantile Remittent Fever. Rickets. Infantile Syphilis. <i>Of the Nervous System.</i> —Tubercular Meningitis. Hydrocephaloid. Hydrocephalus. Convulsions. Infantile Paralysis. ..	751
APPENDIX TO LECTURE LIV.	760
LIV. DISEASES OF CHILDREN (Concluded).— <i>Of the Eyes.</i> —Ophthalmia. Neonatorum. <i>Of the Digestive Organs.</i> —Stomatitis. Thrush. Cancrum Oris. Stammering. Morbid Dentition. Diarr- hoea. Cholera Infantum Colic. Constipation. Prolapsus Ani. Tubercular Peritonitis. <i>Of the Respiratory Organs.</i> —Laryngismus Stridulus Pertusis. Croup. Broncho-Pneumonia. <i>Of the Circulatory Organs.</i> —Lymph-Adenitis. Tabes Mesenterica. <i>Of the Urinary Organs.</i> —Enu- resis Nocturna. <i>Of the Genital Organs.</i> —Leu- corrhoea Noma Pudendi. <i>Cutaneous Diseases.</i> — Intertrigo. Crusta Lactea. Purigo Capitis. Stro- phulus. Ringworm. <i>Miscellaneous Affections.</i> — Cephal Hematoma. Nevus. Hernia. Mastitis Neonatorum. Icterus Neonatorum. Scleroderma Neonatorum. Trismus Neonatorum. ..	763
APPENDIX—The Menopause or Critical Age.	786
INDEX.	787
